

SYSTEXX ACTIVE MAGNETIC AND WHITEBOARD - THE WALL COVERING FOR YOUR PRESENTATIONS

LIMITLESS CREATIVITY

SYSTEXX 
by Vitrolan

THE INNOVATIVE GLASS FABRIC FOR WALLS AND CEILINGS

PRESENTATIONS, NOTES, PROJECTIONS

SPACE FOR IDEAS

Wherever you may be, whatever you are doing – in a creative meeting, duty

planning, or simply playing and letting off steam – ideas need space. With the SYSTEXX Active Magnetic range, you no longer have to make do with unwieldy flipcharts, bulky magnetic boards or a jammed projection screen. The system blends in the overall design of the room, is virtually invisible, and yet meets all requirements. It has a magnetic, write-on/wipe-off surface and is suitable for projectors.

EASY TO HANG MAGNETIC SURFACES

PURE ATTRACTION

Whatever the shape or size of your walls, our patented magnetic products can cover them easily. The reverse side of the wallpaper has a magnetic layer, whereas the options for the visible side are a particularly fine glass fabric (Magnetic M39) or a perfectly smooth glass fleece (Magnetic M22). The wall coverings, which can be painted over repeatedly, blend almost imperceptibly into the room and do not create a magnetic field or interfere with mobile radio or Wi-Fi networks.

The patented magnetic reverse side is made from the finest iron filaments and is non-conductive.

WRITE-ON/WIPE-OFF SURFACE

GET CREATIVE

Magnetic wall coverings, concrete walls, or even table tops – with SYSTEXX Whiteboard Finish all smooth surfaces are equipped with an additional feature: they can be written on and wiped clean again and again.

Whiteboard Finish available in clear (transparent) or white

AVAILABLE WITH A SHINY
OR MATT SURFACE

THE ALL-IN-ONE SOLUTION

THE QUICKEST AND CLEANEST WHITEBOARD

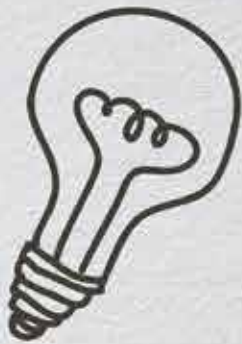

The new SYSTEXX Active Magnetic Whiteboard provides an intelligent multifunctional surface that can be hung in next to no time. No magnetic paint or plates, no separate coat of paint – a whiteboard has never been put on a wall faster or cleaner! Creativity knows no bounds: regardless of whether classic whiteboard markers are used or pencils with particularly soft leads specially designed for children.
