# SPACE FOR IDEAS

Wherever you may be, whatever you are doing – in a creative meeting, duty

planning, or simply playing and letting off steam – ideas need space. With the SYSTEXX Active Magnetic range, you no longer have to make do with unwieldy flipcharts, bulky magnetic boards or a jammed projection screen. The system blends in the overall design of the room, is virtually invisible, and yet meets all requirements. It has a magnetic, write-on/wipe-off surface and is suitable for projectors.

EASY TO HANG MAGNETIC SURFACES

# PURE ATTRACTION

Whatever the shape or size of your walls, our patented magnetic products can cover them easily. The reverse side of the wallpaper has a magnetic layer, whereas the options for the visible side are a particularly fine glass fabric (**Magnetic 139 PG**) or a perfectly smooth glass fleece (**Magnetic Glassfleece PG**). The wall coverings, which can be painted over repeatedly, blend almost imperceptibly into the room and do not create a magnetic field or interfere with mobile radio or Wi-Fi networks.
